

VITA
(March, 2009)

Richard L. Street, Jr.
Department of Communication
Texas A&M University
College Station, Texas 77843-4234
E-Mail: r-street@tamu.edu

Office: (979) 845-0209
Home: (979) 693-5563
Birthdate: 11/1/53
Married, four children

EDUCATION

<i>INSTITUTION</i>	<i>MAJOR</i>	<i>DEGREE</i>	<i>DATE</i>
The University of Texas	Communication	Ph.D.	1980
Texas Tech University	Speech Communication	M.A.	1977
Texas Tech University	Speech Communication	B.A.	1975

PROFESSIONAL EXPERIENCE

1991-present (Texas A&M University)

Department Head (since 1998)
Professor of Communication
Research Professor of Medicine

2005-present (Baylor College of Medicine)

Chief, Division of Health Decision-Making and Communication
Houston Center for Quality of Care and Utilization Studies

2008, Visiting Faculty, Summer Institute for Informed Patient Choice
Dartmouth University

1988-1991 (Texas A&M University)

Associate Professor of Speech Communication
Director, Communication Research Laboratory

1986-1988 (Texas Tech University)

Associate Professor & Chair of Speech Communication
Interim Chair, Department of Speech and Hearing Sciences

1985-1986 (Texas Tech University)

Associate Professor of Speech Communication
Director of Graduate Studies

1982-1985 (Texas Tech University)
Assistant Professor of Speech Communication

1985 (Jan.-June) (University of California, Santa Barbara)
Visiting Assistant Professor of Communication Studies

1981-1982 (University of Wisconsin-Madison)
Visiting Assistant Professor of Communication

1980-1981 (University of Arkansas)
Assistant Professor of Communication

1977-1980 (The University of Texas at Austin)
Assistant Instructor

SELECTED AWARDS AND HONORS

2008 Lewis Donohew Outstanding Health Communication Scholar Award. Presented by the University of Kentucky.

2003 Outstanding Health Communication Scholar Award. Awarded jointly by the Health Communication Divisions of the International Communication Association and the National Communication Association

Association of Former Students Excellence in Teaching Award-College Level, Texas A&M University, 1992.

PUBLICATIONS

A. Books/Edited Volumes/Monographs

R.M Epstein & **R.L. Street, Jr.** (2008) Patient-centered care for the 21st century: Physicians' roles, health systems and patients' preferences. Philadelphia, PA: American Board of Internal Medicine Foundation.

R.M Epstein & **R.L. Street, Jr.** (2007) *Patient-centered communication in cancer care: Promoting healing and reducing suffering*. National Cancer Institute, NIH Publ. No. 07-6225. Bethesda, MD. (Also, available online at <http://outcomes.cancer.gov/areas/pcc/communication>)

R.L. Street, Jr., W.R. Gold, & T. Manning (eds.) (1997). *Health promotion and interactive technology: Theoretical applications and future directions*. Mahwah, NJ: Erlbaum. This volume contains three original essays: R.L. Street, Jr. & R. Rimal, "Health

promotion and interactive technology: A conceptual foundation" (pp. 1-18); R.L. Street, Jr. & T. Manning, "Information environments for breast cancer education" (pp. 121-140); and "Reflections on health promotion and interactive technology: A discussion with David Gustafson, Jack Wennberg, and Tony Gorry" (pp. 221-236).

B.F. Sharf & **R.L. Street, Jr.** (eds.) (1997) *The patient as a central construct in health communication research*. Special issue of *Health Communication*. This volume contains two original essays: B. Sharf & R.L. Street, Jr., "The patient as a central construct: Shifting the emphasis" (pp. 1-12) and B. Lambert, R.L. Street, Jr, D.J. Cegala, et al., "Provider-patient communication, patient-centered care, and the mangle of practice" (pp. 27-44).

R.L. Street, Jr. (Guest Editor) (1993). *Analyzing discourse: Strategies for examining relationships between messages features and outcomes*. Special issue of the *Southern Communication Journal*. This volume contains an original essay, "Analyzing messages and their outcomes: Questionable assumptions, possible solutions." (pp. 85-90).

R.L. Street, Jr. & J.N. Cappella (eds.) (1985) *Sequence and pattern in communicative behavior*. London: Edward Arnold. This volume contains two original essays: R.L. Street, Jr. & J.N. Cappella, "Sequence and pattern in communicative behavior: A model and commentary" (pp. 243-279) and J.N. Cappella & R.L. Street, Jr., "A functional approach to the structure of communication " (pp. 1-29).
